

Goal #1: Reduce costs and increase efficiency of administrative processes

ENHANCE ADMINISTRATIVE SIMPLIFICATION

Reduce cost and increase efficiency of administrative processes.

- Continue to monitor Advanced EOB and Electronic pre-auth regulations for collaboration opportunities.
- Administrative Simplification has transitioned to meeting on an Ad Hoc basis.

Goal #2: Improve quality and increase value through implementation of evidence based best practices

SUPPORT BEST PRACTICE TREATMENT OF SUBSTANCE USE DISORDER

Develop, align, and communicate policies and recommendations that support best practice management of substance use disorder

- Assessed adoption of Oregon's Opioid Recommended Practices across health systems and health plans
- Finalized a standard set of ICD-10 codes for MH/SUD reporting
- Assisted in the adoption and spread of best practice standards of use for PDMP prescriber reports
- Beginning work on provider education for Alcohol Use Disorder and SUD Toolkit for ED providers

REDUCE UNNECESSARY OVERUSE OF HEALTH CARE SERVICES

Analyze data and develop aligned strategies to reduce potentially unnecessary, low value services

- Evaluating adoption of Vitamin D Testing Clinical Guideline through statewide and system level data analysis
- Tracking successful interventions based on the Pre-Operative Testing Recommendations
- In collaboration with OHA, developing open-source Low-Value Care measures

IMPROVE CLINICAL USE OF TELEHEALTH SERVICES

Identify, communicate, and support implementation of clinical best practice use of telehealth services

- Improve telehealth quality and safety by determining and recommending services most appropriate for telephone, video, and/or e-visits.
- Continued development of Pediatric Primary Care Telehealth Recommendations

SUPPORT COMPREHENSIVE PRIMARY CARE (CPC+) INITIATIVE

Provide financial support and strategic input to CPC+ participants in Oregon

- Implement aggregated performance data reporting to support Total Cost of Care strategy, with specific focus on Low Value Care.
- Leverage CPC+ work to inform state-wide Value Based Payment strategy.

Goal #3: Accelerate and advance HIT optimized health care delivery

HIT COMMONS

Provide management services and operational infrastructure to support identified HIT Commons initiatives

- HIT Commons Governance approved its operating budget for 2022 and began the strategic planning process for 2022 and beyond.
- HIT Commons is also assisting OHA's Office of Health I.T. in its development its strategy update.

PRESCRIPTION DRUG MONITORING PROGRAM (PDMP) INTEGRATION

Increase the use of PDMP data at the point of care by enabling access to PDMP information within prescriber's and dispensing pharmacist's clinical workflow

- Promote the adoption and implementation of the PDMP gateway to clinics through e-mail campaigns and sponsored events.

- Developed and began implementation of actions based on findings from November 2020 post-implementation evaluation report.
- Assist in deployment and adoption of Prescriber reports and Organization Management Module to support medical leadership in organizations optimize use of PDMP integration.

EMERGENCY DEPARTMENT INFORMATION EXCHANGE

Leverage the use of real-time ED and IP utilization information to support efforts aimed at reducing unnecessary emergency department utilization and improving cross-organizational care coordination

- Community collaboration: Ad-hoc virtual convening continues to support organizations in COVID-19 response. Webinar series and behavioral health collaborative in planning with registration available here: <https://orhealthleadershipcouncil.org/edie-utility-announcements-and-upcoming-events/>
- Use cases: Statewide COVID-19 positive data and Vaccine Status data (including 3rd Doses) being regularly shared from OHA Public Health to EDIE/Collective Platform to support pandemic response.
- Technical infrastructure: Hospital ADT feed review ongoing; tracking SMART on FHIR integration, and other key areas for future support.
- Resources: Developed four new data briefs/toolkits to assist with stakeholder onboarding/use of Collective Platform: <http://www.orhealthleadershipcouncil.org/edie-utility-learning-resources-and-webinars/>
- Data & outcomes: Over 750 connected entities using Collective network, ED utilization trends decreasing as result of pandemic. EDIE Steering monitoring quarterly utilization data as COVID recovery emerges. Revised EDIE Quarterly Dashboards provide county-level reporting on Mental Health and Substance Use trends.

Goal #4: Develop, implement, and monitor Community Information Exchange (CIE)

CONNECT OREGON CIE

Continue to build and monitor common, statewide technical infrastructure for social needs screening and referrals among clinical providers and community-based organizations (CBOs)

- Connect Oregon live in 19 counties in OR/SW WA. 2021 goal is to be live in 21/36 Oregon counties and 480+ community-based organizations (CBOs) onboarded to the network.
- Network statistics show over 8,500 closed loop referrals made and over 6,400 individuals served by Connect Oregon to date.
- OHLC regularly convenes Statewide Funders Advisory Committee (SFAC) to prioritize efforts and track implementation. Assisting with convening of regional governance bodies to support statewide network

Goal #5: Develop and implement strategies for sustainable health care funding

COST GROWTH TARGET

Continue to synchronize statewide healthcare cost sustainability

- Collaborate with OHA on Cost Growth Target work (SB 889 implementation), specifically co-sponsoring Value Based Payment (VBP) workgroup.
- VBP Work group beginning. Updates can be found at: [OHLC Value-based Payment Compact](#)
